FOOD JUSTICE

Food is a basic right for all people. GRuB connects those most afflicted by hunger (people of color, low-income and homeless youth, low-income single home families, immigrant families, people with developmental disabilities, etc.) to accessible, empowering ways to grow and access good food.

WHAT GRuB’S FOOD JUSTICE MEANS
1. Job opportunities for kids on organic farms
2. Free gardening, cooking + nutrition workshops
3. Working with families to build gardens in their own backyards
4. Community gardens
